## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

3. Claim 1 recites the limitation "based on the one parameter alone" in line 5. There is insufficient antecedent basis for this limitation in the claim. It is unclear as to what "the one parameter" is referring to although examiner assumes it means the steering angle. Parameter is not mentioned anywhere else in the claim, therefore it is not possible to determine what the parameter is.

### ***Allowable Subject Matter***

4. Claims 2 and 3 are allowed.
5. The following is a statement of reasons for the indication of allowable subject matter: the prior art, individually or in combination, fails to disclose, teach or suggest whether or not the manual drive system switching is allowed and only inhibiting the drive system manual switching. The prior art only shows inhibiting automatic switching and not manual.
6. Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 3661

7. The following is a statement of reasons for the indication of allowable subject matter: the prior art, individually or in combination, fails to disclose, teach or suggest detecting a steering angle and inhibiting the drive system switching based on the steering angle alone as to whether the detected steering angle is over a predetermined angle. The prior art also takes makes the decision dependent upon speed also and not steering angle alone.

***Conclusion***

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
